

# A HOLDER FOR SECURING ARTICLES ON A DASHBOARD AND THE HOLDER BE- COMES A HANDBAG OR SHOULDER BAG AFTER RELEASED FROM THE DASH- BOARD

## Abstract

A holder comprising a case (14) and three hooked devices (20, 22, 24) on belts (16, 18). The holder adheres on a dashboard (FIG. 2) by hooking on windshield vents (10, 12) and center vents (8). The holder becomes a handbag (FIG. 3A) or shoulder bag (FIG. 3B) after released from the dashboard.
